SUMMARY

I develop complete web applications, combining robust front-ends with scalable and performance-optimized back-ends. With over 2 years of experience in innovative digital solutions.
Specialist in Angular, with a proven track record in component optimization and project scalability.

WORK EXPERIENCE

FullStack Developer, Be-Ambassador   **January 2024 - Present**

- Use of modern technologies such as React.js and Angular to create reusable components.
- Consumption of RESTful services to ensure communication between frontend and backend.
- Implementation of robust backend solutions using Node.js and .NET.
- Management and design of databases in Azure SQL, optimizing queries and data structure.
- Version control management with Git. Experience in Azure DevOps, including the implementation of CI/CD pipelines and deployment automation.

Desarrollador BackEnd, Noray   **Jun 2023 - January 2024**

- Design, implementation, and maintenance of server-side logic.
- Creation of applications using the .NET Framework, working primarily with C#.
- Management of SQL Server databases to ensure data integrity and availability.
- Optimization of queries, indexes, and views to improve system performance.
- Creation of automated scripts for data loading processes.

FrontEnd Developer, Technical Support at Vending Canarias   **March 2023 - June 2023**

- Building interactive web pages using HTML5, CSS3, and JavaScript.
- Designing user-centered interfaces, ensuring ease of use and navigation.
- Applying frameworks like Bootstrap for responsive design.

EDUCATION

Higher Education in Web Development, Digital/Multimedia Content, and IT Resources   **Sept. 2021 - June 2023**

IES Domingo Pérez Minik

Degree in Physical Activity and Sports Sciences   **Sept. 2017 - July 2023**
University of Las Palmas de Gran Canaria

ADDITIONAL INFORMATION

- **Certifications:** Bootcamp FullStack | Javascript, React.js, GraphQL, Node.js, Midudev. and Master in JavaScript | Learn JS, jQuery, Angular, NodeJS, Udemy
- **Languages:** Spanish (native), English (professional).
- **Achievements:**
1. Led the development of a project integrating Meta technology into the in-house server.
2. Conducted training sessions for junior developers, achieving a 100% success rate in meeting their annual objectives.
3. Proposed the automation of manual processes and the implementation of query tools.
4. Integrated AI technology into a FullStack project with image and video analysis capabilities for index creation.
